AgustaWestland AW139

Professional Aviation Training Programs
FlightSafety offers comprehensive, professional training on the AgustaWestland AW139 helicopter. Our highly qualified and experienced instructors, advanced-technology flight simulators and integrated training systems help ensure proficiency and safety. AW139 training is available at our Learning Center in Lafayette, Louisiana.

Innovation With One Purpose: Training Corporate Aviation Professionals for Safety and Proficiency

FlightSafety International is the world’s leading aviation training organization. The leader in experience. The leader in technological innovation. The leader in global reach. FlightSafety serves the world’s aviation community providing total aviation training for pilots, maintenance technicians and other aviation professionals. We serve business, commercial, general and military aviation with training for virtually all fixed-wing aircraft and helicopters. We live, breathe and ThinkSafety.

Our AgustaWestland AW139 training program was designed to meet the professional training needs of all AW139 operators. The Lafayette Learning Center offers AW139 helicopter pilots the resources to achieve proficiency and safety.
AgustaWestland AW139 Training Program Highlights

• Get a head start on your training with pre-course study guides available at myFlightSafety.com, now compatible with the iPad.

• Training incorporates the Graphical Flight-deck Simulator, which leverages our exclusive MATRIX system technology, providing real-time and interactive simulation during ground training that is proven to enhance the overall learning experience.

• The Level D simulator features VITAL X visuals with high-fidelity graphics, all enhanced by our exclusive glass mirror technology and five HD projectors.

• A wide variety of specialty and enrichment training is available through our eLearning and LiveLearning courses.

AgustaWestland AW139 Training Program Highlights (continued from previous page)

- iPad convenience – download our application and gain access to all classroom training materials. The application puts all these resources at your fingertips, making home study and in-flight planning easy and accessible.

- FlightSafety helped pioneer Federal Aviation Administration Level D full flight simulation for helicopters.

- Using FlightSafety’s high-fidelity graphics package, the simulator features special visual scenes and effects to give AW139 operators the most relevant training available.

- FlightSafety simulator training can incorporate photo-realistic scenes of New York City and offshore oil rigs as well as brownout and whiteout conditions.
Your FlightSafety Learning Center Experience

1. **Check-In/Orientation**  Arriving at the center, you receive a warm greeting and a welcome packet of information about the specifics of your stay.

2. **Classroom Instruction**  Receive thorough classroom training from experienced, dedicated instructors supported by effective, state-of-the-art training devices.

3. **Peer Interaction**  Enjoy daily give-and-take with your peers, an important and stimulating additional source of information.

4. **Self-Paced Learning**  While you’re with us, take advantage of opportunities to review topics or learn new subject matter through a variety of self-paced learning materials.

5. **Simulator Briefings**  Prior to each simulator flight, review with your instructor the procedures and specific objectives of that particular session.

6. **Simulator Training**  Coached by your highly qualified instructor, practice and refine the flight-deck procedures requisite to your course of training.

7. **Simulator Debriefings**  After each simulator flight, debrief with your instructor to measure your progress and set your learning priorities.

8. **Results**  Complete your training knowing you have the information and skills your job demands – because training doesn’t stop until you’ve reached proficiency.

Well-Trained Proficiency to the Highest Standards
Global Leadership  FlightSafety delivers more than 1.2 million hours of professional aviation training each year. We operate the world's largest aviation training network, with Learning Centers and training locations around the globe. We are honored to serve as the authorized training provider for the majority of business aircraft manufacturers.

Expert Instructors  FlightSafety fields more than 1,800 of the industry’s best instructors, each devoted to ensuring that our Customers are trained to proficiency. Each with the experience and credentials necessary to help our Customers perform at the highest levels of safety.

Strategic Locations. Worldwide Vision.  We train to best meet our Customers’ needs, wherever they may be. This is why FlightSafety’s Learning Centers are strategically located adjacent to the major aircraft manufacturers or in other areas that best serve our Customers. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to the aircraft of one manufacturer.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.*
