# Dassault Falcon 2000EX EASy/DX/LX/S/LXS Training Program Highlights

(continued from previous page)

- Training programs can be customized to meet your exact needs.
- FlightSafety International provides iPads at no cost to pilots enrolled in Falcon 2000/2000EX EASy Series training in lieu of printed manuals. This keeps pilots connected and engaged in an interactive learning experience throughout their training.
- FlightBag, our second-generation training materials app, allows you to download complete training materials and access them wherever you are from any device. Materials are updated automatically as new information becomes available, yet it keeps all of your previous notes.
- Our Operational Day Flow training system presents daily mission scenarios as part of an enhanced multimedia training environment. You receive operation-based instruction using our exclusive MATRIX suite of simulation applications. These provide realistic, hands-on instruction that has been shown to enhance the learning experience and promote increased retention and transfer of lesson material.
- FalconEye training is FAA and EASA approved. Training is available in the Paris Le-Bourget, France, Learning Center.
