

Dassault Falcon 900EX EASy/DX/LX

Professional Pilot and Technician Training Programs

FlightSafety offers comprehensive, professional training on nearly the full line of Dassault Falcon aircraft, including the Falcon 900EX EASy/DX/LX. Our highly qualified and experienced instructors, advanced-technology flight simulators and integrated training systems help ensure proficiency and safety. We provide pilot training for the Falcon 900EX EASy/DX/LX at our Learning Centers in Dallas, Texas; Paris-Le Bourget, France; and Teterboro, New Jersey. Maintenance technicians train for the Falcon 900EX EASy/DX/LX at Dallas, Texas; Paris-LeBourget, France; and Wilmington, Delaware.

Innovation With One Purpose: Training Corporate Aviation Professionals for Safety and Proficiency

FlightSafety International is the world's leading aviation training organization. The leader in experience. The leader in technological innovation. The leader in global reach. FlightSafety serves the world's aviation community providing total aviation training for pilots, maintenance technicians and other aviation professionals. We serve business, commercial, general and military aviation with training for virtually all fixed-wing aircraft and helicopters. We live, breathe and ThinkSafety.

FlightSafety is the original factory-authorized training provider for Dassault Falcon aircraft. We offer type-specific simulator-based training on virtually all Dassault business aircraft, from the Falcon 10/100, Falcon 20/20-5, Falcon 50/50PL21* and Falcon 50EX to models such as the Falcon 900, 900B, 900C*; Falcon 900EX, Falcon 900EX EASy/DX/LX, Falcon 2000, 2000EX*; Falcon 2000EX EASy/DX/LX/S/LXS, Falcon 7X and the Falcon 8X. FlightSafety Learning Centers offer Falcon pilots and maintenance technicians the resources required to achieve proficiency and safety. Our Falcon Learning Centers are strategically located for customer convenience and in close proximity to major Dassault Falcon facilities in Columbus, Ohio; Dallas, Texas; Houston, Texas; Paris-Le Bourget, France; Teterboro, New Jersey; and Wilmington, Delaware.

Dassault Falcon 900EX EASy/DX/LX Training Program Highlights

- FlightSafety's exclusive Advanced Pilot Courses, now available to Falcon 900EX EASy Series operators, are based on analysis of actual incidents and help develop solid flying skills, swift and accurate decisions and precise crew communication. These courses include:
 - Advanced Upset Prevention and Recovery Training
 - Advanced Energy Management
 - Advanced Rejected Takeoff Go/No-Go
 - Advanced CRM Human Factors LOFT
- FlightSafety's new Master Aviator Program is available to Falcon 900EX EASy Series operators. This program builds on your proven flying abilities with challenging training that expands your skills and prepares you to react correctly to a broad range of demanding and unexpected situations.
- Training courseware and training devices for the 900EX EASy Series were developed with Dassault and in accordance with the Falcon training policy manual.
- FalconEye training is FAA and EASA approved. Training is available at the Paris Le-Bourget, France, Learning Center in our Falcon 2000LXS simulator.
- Instruction for Dassault Falcon aircraft exceeds regulatory requirements.

(continued on next page)

Dassault Falcon 900EX EASy/DX/LX Training Program Highlights (continued from previous page)

- FlightSafety International provides iPads at no cost to pilots enrolled in Falcon 900EX EASy Series training in lieu of printed manuals. This keeps pilots connected and engaged in an interactive learning experience throughout their training.
- FlightBag, our second-generation training materials app, allows you to download complete training materials and access them wherever you are from any device. Materials are updated automatically as new information becomes available, yet it keeps all of your previous notes.
- Numerous eLearning courses are available for the Falcon 900EX EASy series such as CPDLC and ADS-B.
- We offer Falcon 900EX EASy/DX/LX maintenance training at our Learning Centers in Dallas, Texas; Paris-Le Bourget, France; and Wilmington, Delaware.
- Advance your career while enhancing safety and improving dispatch reliability with FlightSafety's exclusive Master Technician training for the Falcon 900EX EASy/DX/LX. Master Technicians are recognized throughout the industry as having achieved the pinnacle of training for their aircraft.

Your FlightSafety Learning Center Experience

- 1 Check-In/Orientation** Arriving at the center, you receive a warm greeting and a welcome packet of information about the specifics of your stay.
- 2 Classroom Instruction** Receive thorough classroom training from experienced, dedicated instructors supported by effective, state-of-the-art training devices.
- 3 Peer Interaction** Enjoy daily give-and-take with your peers, an important and stimulating additional source of information.
- 4 Self-Paced Learning** While you're with us, take advantage of opportunities to review topics or learn new subject matter through a variety of self-paced learning materials.
- 5 Simulator Briefings** Prior to each simulator flight, review with your instructor the procedures and specific objectives of that particular session.
- 6 Simulator Training** Coached by your highly qualified instructor, practice and refine the flight-deck procedures requisite to your course of training.
- 7 Simulator Debriefings** After each simulator flight, debrief with your instructor to measure your progress and set your learning priorities.
- 8 Results** Complete your training knowing you have the information and skills your job demands – because training doesn't stop until you've reached proficiency.

Simulator Profiles

Location	Year Built	Sim Level	Visual System	Approvals	Avionics	Additional Equipment

The FlightSafety Customer Training System

The FlightSafety Customer Training System provides professional, safety-centered training that leads to proficiency, heightened decision-making and leadership skills.

Inside the Most Trusted Name in Training

Global Leadership FlightSafety delivers more than 1.4 million hours of professional aviation training each year. We operate the world's largest aviation training network, with Learning Centers and training locations around the globe. We are honored to serve as the authorized training provider for the majority of business aircraft manufacturers.

Expert Instructors FlightSafety fields more than 1,800 of the industry's best instructors, each devoted to ensuring that our Customers are trained to proficiency. Each with the experience and credentials necessary to help our Customers perform at the highest levels of safety.

Strategic Locations. Worldwide Vision. We train to best meet our Customers' needs, wherever they may be. This is why FlightSafety's Learning Centers are strategically located adjacent to the major aircraft manufacturers or in other areas that best serve our Customers. Many centers offer training for a wide variety of aircraft types, while others are dedicated solely to the aircraft of one manufacturer.

In keeping with our role as the global leader in aviation safety, our training programs and flight simulators are qualified by international regulatory agencies, including the FAA, EASA, CAAC and Transport Canada.*

*Not all programs qualified by all authorities listed.

Falcon 900EX EASy/LX/DX Pilot Training

COURSE CURRICULUM	INITIAL	RECURRENT
COURSE MODULE	23 DAYS	5 DAYS
Ground School	56.0 hours	17.0 hours
Systems Integration Training	17.0 hours	1.0 hours
Briefing	13.0 hours	3 - 4.5 hours
Simulator (Pilot Flying)	14.0 hours	6.0 hours
Simulator (Pilot Monitoring)	7.0 hours	N/A

Simulator Check – Course length does not include simulator check days, if required.

EASA Training – EASA training is available. This requires additional simulator time, which will add time to the length of the course.
